BILLING NOTES

ERROR 1 (Lines 001-002):

CPT 99213 (Low-Moderate Complexity E/M) and CPT 99215 (High Complexity E/M) were both billed on 04/03/2026 for the same encounter with the same provider (Dr. K. Nguyen, NPI 2109876543). Only one E/M code is permissible per encounter per provider per day.

ERROR 2 (Lines 017-019):

Room & Board (Cardiac Care Unit at \$950/night) has been billed for 3 nights. Per admission/discharge records, patient was admitted 04/03/2026 and discharged 04/05/2026 -- a 2-night stay. Only 2 nights of Room & Board (\$1,900.00) are clinically supported. The third night charge (\$950.00) is erroneous.

ERROR 3 (Line 004):

CPT 71046 is the code for 'Radiologic examination, chest; 2 views'. However, this line item is described as 'ROUTINE BLOOD PANEL - METABOLIC SCREEN', which does not match the CPT code. This is a upcoding/misdescription error. Either the CPT code or the description is incorrect.
